Reasons to consider gas powered as an option:

Significant price savings over diesel models

Diesel Anti-idle laws exist in all 50 states, there are none for a gas powered vehicle

Reduced maintenance costs

Quieter operation

Fuel cost and availability

Available Options:

Tool box area shelving

Shore power air conditioner

4000 watt generator and 15,000 BTU roof air

Propane heat

Video capability

Back up camera

Floor drawers

Undershelf drawers

stainless wheel covers
